

Republic Plumbing Supply and Republic's Collection Showrooms are open, and our team is working hard to continue to offer our services during this difficult time. Our primary focus is protecting the health and wellbeing of our associate and you, our valued customer. As a result, we are conducting business differently in an effort to prevent the spread of the COVID-19 virus and to keep everyone moving forward with their projects.

Effective immediately, Republic Plumbing Supply Counters and Republic's Collection Showrooms will no longer allow our customers inside our facilities for face to face service.

An associate will bring your product to your vehicle, or we will direct you to our loading dock where you can pick up your supplies. If necessary, we can arrange to have your product delivered to the jobsite.

We wish everyone good health and peace of mind. We realize that this process may be inconvenient, but we want to continue to service our loyal Plumbers, Contractors, and Homeowners. We appreciate you and your partnership during this difficult time.

Thank you,
